KING'S MOUNTAIN FIRE EXTINGUISHED

Fire which for the week has been raging in the brush and wooded hills in the Bear Gulch district back of Woodside and which for some time threatened to sweep the town of Woodside and endangered many of the best stands of timber in the county, has at last been controlled. The blaze is practically extinguished, according to Deputy State Fire Warden Bert Werder, who with Fire Warden Zanoni and a large force of volunteer fighters has been battling the flames for the greater part of the week.

The fire started last Saturday and is thought to have been caused by careless campers who left a burning cam fire when leaving camp. It originated near the Skyline boulevard in the Kings mountain district and burned over a large territory before it was controlled. No valuabel timber, however, was destroped and the effortsof the fighters limited the property loss to a minimum.

ATHERTON TRUSTEES HEAR LAND PROTEST

A protest against the granting of permission for the subdivision of what has been named Palo Alto Park, a tract of land near Ravenswood featured the meeting of the Atherton board of trustees last Wednesday evening.

The matter was brought before the trustees when County Engineer Geo. A. Kneese presented a map of the tract for Koff, the owner of the tract. A protest was immediately registered by a delegation from the Palo Alto planning commission, who with A. C. Hobart, prominent Palo Alto realtor, as their spokesman, proceeded to give their objections to the plan. The remarks of the Palo Alto men were backed up by a delegation of four from the Ravenswood chamber of commerce. For this delegation P. Neifung of Ravenswood acted as spokesman, and declared that the subdivision as at present laid out would be very displeasing to the residents of the vicinity.

It was sair that Koff, with out having secured the permission necessary, had proceeded to sell some of the lost of the tract, and that he had misrepresented the conditions in order to sell lots.

Attorney Arthur H. Reddington, city attorney of Atherton, advised the board, however that they had nothing to do with this phase of the matter, as that should be taken care of by the courts. Reddington proceeded to explain the law that requires the board of supervisors of a county, before any map of a subdivision is accepted, to refer the map to the nearest municipality, if any are incorporated within three miles of the proposed subdivision.

N. A. Malcolm, attorney of Atherton, was present and addressed the board on the legal side of the matter, and instances were cited by the various objectors of similar subdivisions which had been made and of the bad conditions which had folowed by the sale of useless lots to investors in other parts of the country who knew nothing of the lots but their position on the map. The board finially voted not to reccommend the map as at present drawn to the board of sueprvisors.

Local Capital in S. F. Production

The screen play, "Welcome Stranger," which appears for the first time in San Francisco tomorrow at the Granada theatre, is produced by the Belasco Company, a concern financed chiefly by investors of this county. Judge Fitzpatrick, Deputy County Auditor Ed Stack and other local business men are conneced with the company and are pleased with the success this production has made.

Aaron Hoffman's play, written for George Sidney, is the basis of the picture. The story tells of the hatred shown toward an old Jew who comes to a small town to establish a business.

The villagers, led by the mayor, all but drive the merchant out of the town and do everything in their power to make his life miserable. In return he has a kindly word for every one and in befriending the genius of the place, a boy with vision, helps to make the town prosperous beyond what anybody had ever hoped it would be. A pretty love story runs through the picture.

A number of prominent screen players appear in it, among their number being Florence Vidor, Lloyd Hughes, Virginia Brown Faire, Robert Edeson, William V. Mong, Noah Beery, Dore Davidson and Otis Harlan.

WILL PETITION FOR RAILROAD STATION

A meeting of the Commuter's Club of North Fair Oaks will be held tonight at 8 o'clock. One of the important matters which will be considered at this time will be the petition to the Southern Pacific Company for a station to serve the North Fair Oaks and Atherton district. There are at present more than fifty commuters living in this vicinity who would be benefited by the additional staton, and it is considered that the greater facilities offered would result in a great increase in this number. At present all commuters in this district have to go either to Atherton or to Redwood City for the train. J. W. Wight will be chairman of the meeting this evening.

KIWAIANS WELCOME

LOCAL KIWANIANS READY FOR THEIR BIG OCCASION TONIGHT

Preparations are complete for the Charter Night of the Redwood City Kiwanis Club to held tonight in the Masonic temple. A large and active committee has been working on the details of this affair for several months, and it is believed that not a detail has been neglected.

The Kiwanis Club came into instant popularity immediately upon its inception here, and that popularity has been growing constantly in the months that have intervened. Today the Kiwanis Club is one of the most active forces in the community, and for this reason, if for no other, tonight will be an important event in Redwood City's history. It is expected that visitors will be present for this affair from all parts of the state, and it is the desire of the local club to show the visitors that Redwood City knows how to make them feel welcome.

Preparations for the big time this evening have been in the hands of a committee headed by Clarence M. Doxsee. An elaborate program has been prepared and a tasty banquet will be served in the banquet room of the hall. The program announced is as follows:

Charles G. Lambert, toastmaster; "America"; invocation, Rev. R. J. Currie; song "Kiwanis," everybody; Address of Welcome, Roy W. Cloud; Response of Clubs, Songs and Stunts, Remarks, George Filmer; Intrdouction of District Officers; "America, the Beautiful,' everybody; Remarks, Frank A Brown; Vocal Solo, Otis M. Carrington; Presentation of Charter, A. Heber Winder; Acceptance of Charter, Elmore B. Hinman; Remarks, Frank Kean; "Star Spangled Banner;" Dancing;

The banquet was planned by a committee, consisting of John Layng, Carl Muller and Guy Clifton. The program was arranged by B. E. Myers, while Otis M. Carrington had charge of the musical selections. Decorations for the event are being taken care of by W. A. Crowell and the publicity end of the event was placed in the hards of a committee consisting of John Isaac, James Hedge and Sam Winklebeck.

The officers of the club who have assisted in the preparations for tonight are: Elmore C. Hinman of the Redwood Grocerteria, president; Guy E. Clifton, vice-president; A. C. Argo, secretary; Dr. N. C. Cummings, treasurer; C. M. Doxsee, district trustee; John Layng, sergeant-at-arms and M. E. Ryan, J. D. Hedge;, Dr. John Blood, Rev. R. J. Currie, Rev. C. E. Kennedy, John Poole and G. W. McNulty, trustees.

W. A. CROWELL AND MISS CROWE WED

Mr. W. A. Crowell and Miss Kittie Crowe surprised their many friends Wednesday by going to Sacramento where they were united in marriage by Rev. C. H. Stevens of the First Congregational church of Lodi.

The wedding took place at 9 a. m. in the parlor of the Traveler's hotel, the witnesses being Mrs. Elaine DeYoung, daughter of the groom and Miss Alice Crowe, sister of the bride. Immediately after the ceremony Mr. and Mrs. Crowell returned to San Francisco and took the Yale for Southern California, where they will spend two weeks at Los Angeles and San Diego.

Mr. Crowell has been in charge of the James Crowe Undertaking Company for the past ten years and is also connected with the McCarthy Undertaking Company of San Mateo. He is one of Redwood City's outstanding business men and is prominent in fraternal and religious life. He is secretary of the loca l Masonic lodge and also of the First Congregational church.

Mrs. Crowell has spent her entire life in this city. She is the youngest daughter of the late Mr. and Mrs. James Crowe. She is a graduate of Sequoia High School, and is a charming young woman.

FINDS ROCK MORE VALUABLE THAN GOLD

Elmer Dixon of this city, owner of extensive mining claims in Siskiyou county was agreeably surprised this week by news received from his proprty. According to information received by him, galena crystals which are abundant on his claims have proved to be of the variety most valuable in radio sets. The crystals which have been thrown away in securing the gold may prove a more profitable enterprise than the gold . Dixon has received an offer from a large manufacturer of radio supplies for the entire output of the mine, which is estimated at fabulous amounts.

KIWANIS

Deep in the hearts of men, in the midst of the seemingly dominant motives of selfishness, there is that vague yearning for spiritual things, the desire for the expression of their innate instincts for kindness, tolerance, devoted loyalty and service to family and to nation.

The world has been built from the selfish and the spiritual urge, upon the fundamental motives of idealism, desire for materialistic wealth, pride and ambition, but of these the ideal of service emerges the strongest.

Kiwanis, entirely devoted to unselfish service—gives tangible expression to these ideals. Its membership includes more than 90,000 business and professional men in 1250 cities of the United States and Canada, banded together for this finest of human motives—service to fellow men.

Kiwanis is an organized influence for community progress. It is a representative influence, organized for the advancement of public welfare in its many phases, for the stimulation of morals, charities, health, better citizenship, civic improvement and obedience to law and all the tenets of better living.

Kiwanis is a leader in the development of civic and social consciousness, and in the transforming of such consciousness into the permanent building of strong individual personality and leadership.

NEW GOLF COURSE IS PLANNED HERE

Redwood City is soon to have a new golf club in its vicinity, according to announcement made this week by W. I. Fitzgerald, who was in town this week securing members for the new club. The new organization is called the Emerald Lake Golf Club and is headed by C. H. Holt, F. K. Towne and D. R. Stafford of this city and Dr. Francis Gruss and B. B. Minor. The latter two men have homes in the Emerald Lake region and are in business in San Francisco.

According to Fitzgerald, the club will have a limited membership of 200. Fifty memberships have already peen taken out by local people. When completed the club will have a nine-hole golf course near the shores of Emerald Lake and a club house will be started immediately near the lake. A total expenditure of $50,000 is planned, of which $20,000 will be spent on the clubhouse.

The grounds are now being laid out by J. H. Clark, who planned the courses of the Crystal Springs Club and the Coronado hotel, as well as many other famous courses.

$300,000 THEATRE FOR PALO ALTO

Work will be begun next week on the erection of a new $300,000 play house in Palo Alto for Ellis J. Arkush, proprietor of the Sequoia Theatre here, as well as theatres in Burlingame, San Mateo and Palo Alto. The new theatre will be known as the New Stanford and will be one of the finest theatre buildings on the peninsula.

The architecture of the new building will be of the Grecian type, and a new type of interior decoration will be used. A stage large enough to accomodate legitimate plays is a feature of the interior. It is expected by the builders that the new theatre will be ready for opening in January.

Arkush has recently spent large sums on renovating his playhouses in San Mateo and Burlingame, and at present has one of the finest circuits of shows on the Pacific Coast. It is thought that changes in the Sequoia Theatre here may follow the completion of the new building in Palo Alto.

The proprietor who began his theatrical werk here in the old Bell theatre on Main street, has had a meteoric raise in the business, and has not hesitated to invest money on the peninsula. He states that he has faith in the future of the district and because of this fact has never hesitated in his desire to keep his houses in the lead in every respect.

KIWANIS CLUB

"We Build"

ALL HAIL KIWANIS CHARTER NIGHT

THE KIWANIS CLUB will be chartered tonight and delegates from sister organizations all over the state will be present to assist in the ceremonies. Kiwanis in Redwood City has shown itself to be more than a luncheon club. The Tuesday meetings at noon have proven to be wholesome and instructive. Some extremely good lectures have been heard and problems of local interest have been discussed.

The organization has brought a closer feeling among the members and the first name habit has been easily acquired and has added to the pleasure of the gatherings. Kiwanis does not advertise its charitable undertakings but it has already demonstrated that the local chapter is ready at any time to back a worthy undertaking.

The slogan of Kiwanis is "We Build." Any organization that wishes to build should be encouraged. We wish Kiwanis many useful and happy years in Redwood City.

—o—o—o—

CHAMBER OF COMMERCE

WE believe that Redwood City needs a good live chamber of commerce. We have the remnants of the old chamber but it is not active because of the lack of support of the community. It is about time now however, for the organization to shake itself and get started on an energetic plan for the advancement of Redwood City.

We know that mistakes were made in the past by the management of the chamber of commerce but the said mistakes probably happened because the doers were over anxious to put over something big for the community. They were mistakes of the head and not of the heart.

In spite of the fact that Redwood City has had no organized effort put forth in its behalf we have gone ahead by leaps and bounds, were there a guiding hand in advertising our opportunities and what we have to offer, it is probable that our advance would be even greater.

Personally we would not welcome any outside agency which would come in to rebuild the chamber of commerce. Such an agency usually takes most of the donations and leaves only an empty sack when it has finished its work.

The movement for a regeneration should come from within this municipality and we trust that it may come soon and bring a great amount of good with it.

MEMORIES

LAST week an old lady of this community passed away. She had been here many years but through those many years was not known beyond a small circle of friends. I remember when I was a little kid I had to pass her house. She used to make the finest cookies a little fellow ever had and she was as generous with them as though they grew on mustard stalks. Many the cookie she passed to me in those olden days. She knew what boys liked.

I remember a man who lived in the same neighborhood. He didn't like boys. One day our football went over his fence and he slit a great big gash in the ball with his big sharp knife. Footballs didn't grow on mustard stalks those days either. Many the pane of glass he put in because of that football. We never returned evil with good when we were kids in Redwood.

Both the cookie lady and the football man have gone to their reward. They have left behind them memories.

Memories are about the only thing most of us will leave behind. Here's hoping that all of yours will be the right kind.

OPPORTUNITIES

BUSINESS property in Redwood City is a mighty fine thing to have. We can remember the time not so long ago when a price of $100 a front foot was an outlandish amount to pay for property in this municipality. Now the price for down-town property is four times that amount and there are mighty few pieces left to pick up.

Not long ago property in the Highlands sold for as small an amount as $400 for a 75-foot lot. These lots are cheap now at $1500 and they are going up. If our foresight was just as good as our hindsight most of us would be millionaires right now.

There are still some fine opportunities left here in Redwood City, but most of us will let some fellows from Missouri come in and "show us" where they are.

"THE ALASKAN" STARRING THOS. MEIGHAN" COMING

Wantonly, violating the sanctity of a mother's grave, John Graham laid the foundation of a mighty hatred. Upon this incident is based the story of Thomas Meighan's latest starring vehicle, "The Alaskan," which Willis Goldbeck adapted from James Oliver Curwood's famous novel of the same name. Local movieites will soon have the oportunity of seeing America's favorite male star in the greatest picture of his screen career, as the photoplay is scheduled to open at the Sequoia Theatre on Monday and Tuesday, September 22 and 23.

Produced for Paramount by Herbert Brenon, "The Alaskan" is said to be the year's outstanding success as an out-door picture. The entire company was transported to the wilds of Alberta and British Columbia where all of the exterior scenes were filmed.

Featured in the cast chosen to support Thomas Meighan are Estelle Taylor, John Sainpolis, Charles Ogle, Frank Campeau and Anna May Wong.

"The Alaskan" is founded upon a conflict between native-born Alaskans, sons of the gold-rush pioneers, and the powerful financial interests which strove to gain control of Alaskan interests.

The feud between Graham and young Alan Holt, played by Mr. Meighan, begins when the former engaged in blasting operations, carelessly destroys the grave of Holt's mother. Begun at first simply as a physical conflict, the struggle continues before a senatorial invsteigation committee in Seattle. Meighan's testimony exposes the designs of the Graham interests in the far north.

On his way back to Alaska after this investigation Meighan falls in love with a young girl, Mary Standish, played by Estelle Taylor. Later, her actions lead him to believe that she is in league with his enemies, and to his horror, he learns that she is the wife of Graham. The subsequent battle between Holt and Graham in the far north where there is no law, and the surprising part that Mary Standish plays in it furnish some of hte most thrilling action ever flashed on the silver sheet.

If you are looking for film entertainment de luxe, then don't miss seeing "The Alaskan."

The Service Crew

A TREE falls across the wires; a line goes down—your lights are out.

A trouble or first aid man can't restore the service. A dispatcher calls the foreman of a service crew who with fire department speed assembles a group of men and rushes to the scene and puts the line back into service.

Lights don't often go out—but when they do you will find these men ready to go—restoring for you that convenient reliable service.

Engineering for Service

With the twang of a clock-spring, carried over a short stretch of wire one June day in 1875, came a discovery that was to be of incalculable value to mankind. On that day the telephone was born, and a new vocation came into being, the profession of telephone engineering.

Today, 49 years later, a host of men, successors of Bell and his single assistant, are applying their trained abilities to the complex problems of meeting the nation's demand for telephone service. They explore the unknown and adapt the known in Science. They bring the thoroughness of specialists to the tasks of construction, operation, management. Their common objective is an improved service whereby man may substitute his voice for his physical presence in distant places.

Engineered and not haphazard effort has brought the triumphs that mark advances in the convenience of the telephone. Because of this effort there is a communion of communities without which America, as we know it, could not exist.

VESUVIUS ERUPTION IN "THE WHITE SISTER"

It isn't often you can get a volcano to work when you want it to, but Henry, the director of "The White Sister," starring Lillian Gish, which will be shown at the Sequoia Theatre on Wednesday and Thursday, September 24 and 25, was able to photograph a violent eruption of Mt. Vesuvius just in time for the final scenes of the F. Marion Crawford story, which call for exactly the kind of an explosion that happened.

When the picture comes to the Sequoia Theatre film audiences will get an extra thrill out of knowing that the exploding crater and the lava are real, and that Miss Gish, Mr. King and the rest of the company were right on the spot.

"The White Sister" is a Henry King production for Inspiration Pictures, Charles H. Duell, Jr., president, and is released through Metro Ronald Colman, a well-known leading man on the stage, makes his first screen appearance opposite Miss Gish. Others in the cast include Gail Kane, J. Barney Sherry, Charles Lane and Madame Juliette La Violette.

NEWS OF MENLO PARK

The City of Atherton will soon be a very lively place. Contracts have been awarded for thirty bungalows. As fast as these houses are erected they are sold to San Francisco parties.

It was a current rumor in town yesterday afternoon that the Duff & Doyle brick building on the corner of Santa Cruz avenue and the highway had been bought by a large banking institution in San Francisco for the purpose of establishing a bank here. The rumor could not be verified, although many believe there is some foundation for the story.

The gramar school trustees are negotiating the purchase of a strip of fifty feet adjoining the school building on the highway from George E. Russell. The attendance is growing so rapidly at the school that expansion is necessary. By this purchase the school property will have a big frontage and sufficient room in the rear for athletics of all kinds. The trustees show wisdom and vision in making the purchase.

A daughter was born this week at the Palo Alto hospital to Mr. and Mrs. Sam Sanders, nee Clunie. Grandpa Andrew J. Clunie of Stanford Park is the happiest man in that locality. The well-known attorney wears a nine by ten smile.

The Stanford Fruit Market opened this week in the Slinger building on Santa Cruz avenue, near the postoffice. Schivo Brothers, the proprietors, are much encouraged by the patronage they have been receiving. Their fruits are fresh and their vegetables delightful. They also have a fine line of groceries. The market is strictly up-to-date. Schivo Brothers are large growers of vegetables on the peninsula, having several ranches in this vicinity.

The Parent-Teacher Association's food sale that was to have been held this afternoon, has been, indefinitely postponed.

Mrs. Carl Lindquist was the recipient of a surprise shower Monday afternoon on the first anniversary of her marriage. The friends who gave it were members of Trinity Guild.

Senator Samuel M. Shortridge is buckling on his armor to sally forth to battle for Coolidge and Dawes. From this time on he will be busy stumping the state. His eloquent voice is to be heard in every section, carrying the message to the voters telling them of the manifold benefits and blessings of the tariff laws passed by the present republican administration. Mr. Shortridge will be the principal speaker of the campaign.

Julian Hart, the well-known silk importer, left on Tuesday for a trip to Europe. He has occupied the Merrill home on Atherton avenue all summer. His children will remain at Atherton while their father is abroad.

The Thomas Reynold home on Oak Grove avenue was sold this week to a San Francisco party who is to improve the property. The house was erected many years ago by the late Mrs. Balentine.

Joseph Cull has returned from a six weeks' deer hunt in this county and in the wilds of Siskiyou. He was very successful, securing the limit for the season. He reports the antlered tribe plentiful in all the sections in which he traveled. Mr. Cull makes the statement that deer is as numerous in San Mateo county as any other county of the state and they are much easier to shoot.

Mr. and Mrs. James Flood have sent out cards for a dance to be given at their home in Atherton on September 20. They entertained the younger members of the Menlo Park colony last Saturday night with a dancing party.

Mrs. M. I. Fredericks of Menlo Park was hostess at luncheon Saturday at Bonzagni's Lodge, La Honda, in honor of her brother-in-law and sister, Dr. and Mrs. Guy Manson, who are visiting her.

Mr. and Mrs. Leon Douglass and children have returned to their home at Atherton after a summer abroad. Mr. and Mrs. A. G. C. Hahn and daughter, Louise, who were in Europe with them, are exepected in another week or two.

Percy Walker, who comes from a Woodside family, passed away at the Palo Alto hospital on Wednesday, following a short illness. Mr. Walker has made Menlo Park his home for some time past. He was born in Woodside 32 years ago. His childhood was spent in that locality. Mr. Walker was well known on the peninsula. Mr. Ubanks, superintendent of the county hospital and poor farm, was a brother-in-law of the deceased.

Mr. Heightman, a resident of Menlo Park for a number of years, left last week for Oakland to join his family who removed to that place some time ago. Mr. Heightman is a highly respected citizen who carries with him to his new home the best wishes of the people of Menlo Park.

Miss Muriel Maloney, the pretty and clever daughter of Mr. and Mrs. Cornelius Maloney of Roble avenue, has matriculated in Castilleja hall, an exclusive school for girls in Palo Alto.

Major Wales who was appointed some time ago to make a report on the water situation here and at Atherton for the committee appointed to ascertain information on the subject for the purpose of forming a water district if such an enterprise were feasible. Mr. Sproul, business manager of the State University, has incorporated the report into an exhaustive statement of his own and has submitted the same to the people. The engeineers report which accompanies the statement tells the whole story. Here it is:

Major Wales' report covers the subject of water supply quite thoroughly but does not present any data upon which to base a conclusion that the water supply from wells willbe permanent and can be depended upon for a period of years. The fact that the company today could pump 456,000,000 gallons per year from the wells does not indicate that it can do so ten years hence even thogh this is the driest year on record.

The phenomenal rapidity with which the water level in the deeper wells is falling throughout the Atherton-Menlo area and the fact that it is from 50 to 120 feet below the level of salt water in the bay shows an extreme condition of overdraft on the underground supply. Last winter no additional water entered the gravel strata from which most of the water in the area is derived. The year before there was an addition of about eight feet. Last season's pumping extracted a total of 12 feet. This season's total extraction will be much greater. I see no prospect of a recovery of water levels in wells to their former stage at any time in the future unless pumping throughout the district is very greatly reduced for several years. With present pumping I believe that the water levels will continue to fall even in years of good rainfall.

With these conditions existing, it is only a question of time before the company's wells will either fail for lack of pressure on the strata, or will become salty.

I bring this point up, not as a cause for alarm as to the company's supply during the next two or three years, but as a warning that the company or some other organization must arrange for an outside supply for the Menlo-Atherton District to be available within five years.

Hydraulic Engineer.

WOODSIDE NOTES

Although Woodside has suffered an unusual number of residential blazes this season, we were congratulating ourselves upon our freedom from forest fires until last Saturday a fire broke out in the timber adjacent to the old Virginia mil. After several hours of fighting, the fire was believed to be under control, but during that night it crossed the lines by which it had been surrounded and sprang up afresh in several sections. A large portion of Woodside's male population hurried to the fighting line and together with recruits from Redwood City struggled for several days and nights before the fire was again brought under control. As leader of the Woodside forces, James V. Neuman showed himself an experienced forester and his good judgment was largely responsible for the effectiveness of the work of the men working with him. The ladies of Woodside saw to it that the men did not lack for food. Miss Marjorie Josslyn and others making frequent trips over the mountain with their cars laden with provisions.

The fire is confined within the trals which are being patrolled and and in the absence of heavy wind, the danger is over. But the heavier logs will keep afire for seevral days and a heavy wind mght carry the embers into new territory and start a new course of destruction.

Thirty of the ladies of this community gathered for a basket picnic luncheon in the redwood grove on the Fred Mighall place on Thursday noon. After having disposed of as large a portion of the generous supply of eatables as they possibly could ,the picnicers spent the rest of the afternoon at Mah Jong and bridge.

Francis Moller who was wounded a couple of weeks ago by a rifle bullet is able to be about again but still nurses his side and says he is quite satisfied that deer season is over for this year.

Mrs. Bradford Leavitt took a party of young people to San Francisco on Friday to see the "Thief of Bagdad."

Mr. and Mrs. A. H. Audiffred were dinner guests, on Wednesday evening of Mr. and Mrs. Calvin Grandi of Redwood City.

SUPERVISORS EMPLOYED IN ROUTINE MATTERS

In a meeting which was devoid of any unusual developments the supervisors of this county succeeded in getting trrough an amount of routine matter including a number of county reports. A report was received from Edward J. Ford, county sealer of weights and measures, and one from J. R. Ubanks, superintendent of the county farm. Both reports were received and ordered filed.

A report received from the State Motor Vehicle Department for the traffic squad working here under Chief Jas. Logan, showed a total number of 163 arrests made during the month. During the same time $679 were collected in fines.

Two maps of subdivisions were presented to the board; one of "Woodacre Knolls" on the Alameda de las Pulgos, the other of "Palo Alto Park," near Ravenswood. The map of the first was accepted by the board. The other map was referred to the board of trustees of the Town of Atherton, as it was within three miles of that municipality.

A report was received from Davenport Phelps, secretary of the South San Francisco chamber of commerce, detailing his work on the county exhibit at the State fair, of which he was in charge. Phelps also recommended that preparations be begun for the fair next year, and that an illustrated booklet of the county be published.

A letter was also received from the California State Agricultural Society thanking the board for the co-operation it had given in presenting the county exhibit at the fair. A motion was made by Supervisor Hickey that Phelps be instructed to begin preparations for an exhibit at the fair next year. This motion was seconded by Supervisor Brown and passed.

On motion of Supervisor Brown, state aid was granted to a needy family in Redwood City, upon the recommendation of the County Social Service Commission. The annual report from the commission was received showing a total of $71,614.09 expended during the year.

A report was also received from the Joint Highway district showing the amounts received and the disposition which had been made of the money. This report showed that San Mateo county's share of the money yet to be paid on the Skyline boulsvard amounts to $8,000.

BAGS 6-POINT BUCK

Mr. A. Roth, comptroller at Leland Stanford Junior University and E. M. Brown, president of the P. A. Stock Farm, together with J. E. Shearer and his brother J. P. Shearer, who have a large game preserve in the Lone Pine district, near Black mountain, returned Sunday after a very successful hunting trip with four fine bucks. J. P. Shearer was the most successful, killing a 6-point stag, which weighed 180 pounds dressed. The head and antlers will be mounted as specimens of rare value.

HOUSE MOVED TO MAKE ROOM FOR GARAGE

Work was started this week on the moving of the home of C. E. Knight fro mits present location at the corner of Mound and Main street to a lot in North Fair Oaks. The building was built about ten years ago and occupies the site of Knight's store. It is the plan of Knight to build a fire-proof garage on his property.

CARD OF THANKS

I wish to take this method of thanking my many friends for the hearty support given me in my late campaign for supervisor of the Third township of San Mateo County.

I cannot personally thank every voter as I should like to do but I promise that I will continue to perform my duties in a manner that will reflect credit upon our district and county.

The interests of the Third township of San Mateo county shall be my interests.

Respectfully,
JOHN MacBAIN

Cleaning Without Odor by the F. Thomas Process
Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly $500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded by our customers.
With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.
Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. It is little better than ordinary distillate and leaves a sickening "gasoline" smell in your clothes
